

THE TOAST RACK SYSTEM

A PIECE OF ART

The Toast Rack system is a popular product designed to accommodate art work within a flexible storage system whilst maximising storage.

The units allow for ultimate flexibility in storage compartment heights and widths, allowing for various heights of artwork to be stored to their maximum capacity.

For more information, call our team 01782 770144.

THE TOAST RACK SYSTEM

The internal pole dividers are more robust than your standard 'rod divider' systems, allowing for the storage of multiple heavy artworks.

The storage units allow the shelving pitches to be adjusted in the height by 25mm increments, allowing for the system to adapt to changes in artwork collections, making this a compact and versatile artwork storage unit.

This system is easy to install and relocate and can be mounted onto mobile bases to maximise capacity.

For more information, call our team 01782 770144.
