RACKLINE

storage solutions

for the education environment

LIBRARIES

Rackline have been manufacturing shelving and storage for the education sector for over 35 years, we understand that storage isn't necessarily at the front of your mind so why not let the experts assist with space plans and designing your storage system.

A library environment can require a mixture of storage systems,

Double-skinned Proform library shelving has clips hidden within the uprights to ensure the contents stored is protect and a wide range of accessories including dividers, drawers pull out shelves to ensure storing and referencing material simply and easy to use.

All shelving can be mounted onto mobile or powered bases to increase the amount of capacity achieved.

Add automatic lighting which is environmentally friendly and cost effective.

LABORATORIES/RESEARCH ROOMS

In this environment the shelving is designed to enhance the activities that are being undertaken, pull out drawers and plastic trays to accommodate reference material, powered shelving to allow the system to be moved when your hand are full.

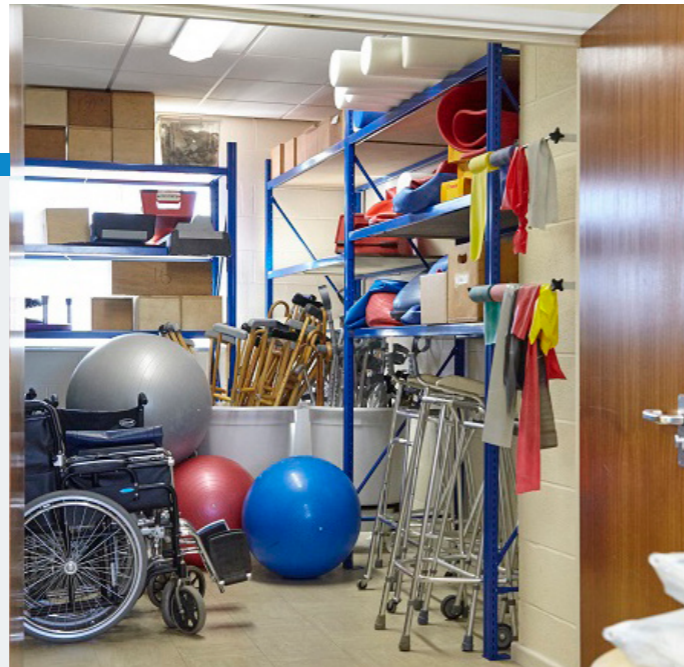

Flexible depths and heights to accommodate all types of items to be stored.

GENERAL STORAGE AREAS

Rackline's wide range of products makes it ideal for general storage areas within education facilities, with heavier duty shelving to accommodate items such as PE equipment and cleaning equipment.

Alternatively add roller shutter doors or glass door to keep equipment secure.

With a wide range of products and supporting accessories, Rackline can advise on a suitable storage system for your education facility.
